Course code	
Type and description	EC
ECTS credit	1
Course name	Development trends in computer networks
Course name in Polish	Kierunki rozwoju sieci komputerowych
Language of instruction	English
Course level	8 PRK
Course coordinator	Michał Morawski
Course instructors	Michał Morawski

Delivery methods and course duration

	Lecture	Tutorials	Laboratory	Project	Seminar	Other	Total of teaching hours during semester
Contact hours				15			15
E-learning	No	No	No	No	No	No	
Assessment criteria (weightage)				100%			

Course objective	Getting familiar with recent achievements concerning computer networks
Learning outcomes	After finishing the course student is able to recognize the current directions of computer network development. W4, U4, K1
Assessment methods	Evaluation of project, presentation
Prerequisites	None
Course content with delivery methods	Identification of weak points of papers published in high-impact journals covering computer networks.

Basic reference materials	JCR journals concerning computer networks that satisfy the following constraints • restricted to MEiN pts $\geq$ 100 • not older than 3 years;
Other reference materials	Documents RFC
Average student workload outside classroom	10 h
Comments	None
